

## WORK EDUCATION ACTIVITIES

Socially useful productive work (SUPW) is a compulsory subject for one and all. This has been essential for all so as to enhance the capability of a child to create productive articles which are socially useful, moreover this makes the social interaction productive. As work occupies a prominent position in life, work experience provides the basis for building up proper attitudes towards work by developing favourable work values and habits.

Each student is required to select at least one subject out of the many as mentioned in the school list.
